Report on

AI & ICT Tools for Academic Empowerment

(05 Jan 2026 – 20 Jan 2026)

Organized By:

**UGC-MMTTC in collaboration with Gyan Ganga Institute
of Technology & Sciences (GGITS), Jabalpur Hosted at
GGITS, Jabalpur in Hybrid Mode**

About the Programme

The UGC–MMTTC Refresher Course on "AI & ICT Tools for Academic Empowerment" was jointly organized by UGC–MMTTC, Jai Narain Vyas University, Jodhpur and Gyan Ganga Institute of Technology & Sciences (GGITS), Jabalpur from 05 to 20 January 2026 in hybrid mode.

The programme was designed to empower faculty members with emerging Artificial Intelligence (AI) and Information & Communication Technology (ICT) tools that enhance teaching, research, assessment, academic administration, and digital content creation. The inaugural session featured Dr. Rajesh Dubey, Director, UGC–MMTTC, as Guest of Honour, along with institutional leaders from GGITS. Dr. Santosh K. Vishwakarma, Course Coordinator, introduced the objectives, structure, and expected outcomes of the fifteen-day programme.

The course witnessed an enthusiastic response from educators across India, with approximately 250 participants (190 online and 60 offline) representing diverse higher education institutions, reflecting its national relevance and outreach.

Programme Highlights

The refresher course adopted a hands-on, application-oriented approach, enabling participants to explore AI-powered educational technologies through live demonstrations, practical assignments, and collaborative learning activities. The curriculum was carefully designed to bridge the gap between emerging digital technologies and contemporary pedagogical practices.

The major themes covered during the programme included:

- Artificial Intelligence in Higher Education
- Generative AI for Teaching, Learning and Assessment
- Prompt Engineering for Academic Applications
- NotebookLM for Research, Teaching and Documentation
- Canva for Educators
- LinkedIn for Academic Branding and Professional Networking
- Microsoft Excel for Academic Data Management
- Excel Dashboards for Data-Driven Decision Making

- Microsoft Designer for AI-based Visual Content Creation
- Practice Integration through Real-time Academic Projects

Throughout the programme, participants actively engaged in hands-on exercises involving AI-assisted lesson planning, assessment design, academic content development, research support, dashboard creation, visual communication, and digital portfolio development.

Key Learning Outcomes

- By the end of the programme, participants were able to:
- Understand the role of Artificial Intelligence in transforming higher education.
- Apply Generative AI tools for lesson planning, assessment, feedback, and academic content creation.
- Develop effective prompt engineering skills for educational and research applications.
- Utilize NotebookLM for literature review, document analysis, summarization, and institutional reporting.
- Design professional academic resources using Canva and Microsoft Designer.
- Create data-driven dashboards using Microsoft Excel for academic planning and institutional decision-making.
- Build and optimize professional LinkedIn profiles to strengthen academic networking and visibility.
- Integrate AI and ICT tools responsibly while maintaining academic integrity and ethical practices.

Programme Impact

The refresher course significantly strengthened participants' digital competencies by introducing practical AI and ICT solutions aligned with the vision of NEP 2020 and the future of higher education. Faculty members gained hands-on experience in adopting emerging technologies for teaching, assessment, research, academic administration, and professional development.

The programme successfully fostered a culture of innovation, digital transformation, and lifelong learning, encouraging educators to integrate AI-enabled tools into their everyday academic practices. Practical sessions on dashboards, digital content creation, LinkedIn branding, and AI-assisted teaching equipped participants with future-ready skills to improve learner engagement, institutional efficiency, and evidence-based decision-making.

Conclusion

The UGC–MMTTC Refresher Course on AI & ICT Tools for Academic Empowerment emerged as a pioneering initiative in advancing digital transformation within higher education. Through a unique blend of expert lectures, live demonstrations, collaborative learning, and hands-on practice, the programme empowered faculty members with the knowledge and skills required to effectively leverage AI and ICT for academic excellence.

The successful collaboration between UGC–MMTTC and GGITS, Jabalpur reaffirmed the institutions' shared commitment to faculty development, educational innovation, and the creation of a future-ready academic ecosystem aligned with the objectives of NEP 2020 and Viksit Bharat 2047.
